

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is an abuse of the public airways.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest, not special interests. Their airing of such unbalanced programming and untruthful propaganda in this manner is a clear violation of all the principles which our country and democracy is founded on. It is simply a disservice to and a manipulation of the public and should not be allowed. Truthful, balanced programming should be a requirement.

Sinclair's actions demonstrate a need to examine their ownership policies and distorted programming.
Thank you.
